REPORT OF THE PROGRAMME CONDUCTED ON 27/06/2022

The English department of U.E.S Mahila Mahavidyalaya, Solapur with IQAC has jointly organized the programme on 27/6/2022 at 10.00AM on the topic "Gender Equality Today for Sustainable Tomorrow". The chief guest was Dr. N. N. Londhe HOD of English department of D.B.F Dayanand College of Art's & Science, Solapur. BAI, BAII & BAIII students attended the programme.

The programme was started with the praise of Almighty Allah by the BAIII student Huma Tamboli. Professor Aaisha Jabeen Soudagar gave the introduction of the chief guest. Incharge Principal Dr. Farzana Shaikh felicitated the chief guest.

Honorable Chief Guest Dr. N. N. Londhe gave the speech on the topic. He highlighted the importance of girl education for the better future. He said in India today also we observed gender discrimination in various institutions such as families, education & jobs etc. if we want peace in the country, we must have balance in the society. He gave examples of many female characters from the past who struggled for their rights and became very famous ideals for the future generations.

Convener of the programme was Prof. Aaisha Soudagar. At the end, In-Charge Principal Dr. Farzana Shaikh gave Presidential speech and appreciated the innovative ideas of the chief guest. Programme was ended with the Vote of Thanks proposed by Prof. Imam Shaikh.

Report of the Guest Lecture

On

National Education Policy(2020)

The College has organized the Guest Lecture Under the IQAC Committee on the Topic National Education Policy (2020) on 16/8/2022 at 10.00AM at Digital Hall. Dr. Shafi Chobdar (HOD of Urdu Department, S.S.A. Art's & Commerce College) has been invited as a Chief Guest.

The program was started with the praise of Almighty Allah by reciting and Translating Surah Fatiha by B.A III students Alfiya Sayyed Mantasha Shaikh. Imam Shaikh anchored the Programme. Convenor of the Program was Prof N.M.Shaikh. 65 students were present for the Guest Lecture.

National Education Policy 2020

Introduction

Dr. Shafi Chopdar began his speech with the brief introduction of National Education Policy 2020. He emphasized on the importance of Education and said that, Education is fundamental for achieving full human potential, developing an equitable and just society, and promoting national development. Providing universal access to quality education is the key to India's continued ascent, and leadership on the global stage in terms of economic growth, social justice and equality, scientific advancement, national integration, and cultural preservation.

He further explained Universal high-quality education is the best way forward for developing and maximizing our country's rich talents and resources for the good of the individual, the society, the country, and the world. He hoped that India will have the highest population of young people in the world over the next decade, and our ability to provide high-quality educational opportunities to them will determine the future of our country.

He explained the aims and objectives of the Government in implementing the NEP 2020. Education must build character, enable learners to be ethical, rational, compassionate, and caring, while at the same time prepare them for gainful, fulfilling employment. The gap between the current state of learning outcomes and what is required must be bridged through undertaking major reforms that bring the highest quality, equity, and integrity into the system, from early childhood care and education through higher education.

The aim must be for India to have an education system by 2040 that is second to none, with equitable

access to the highest-quality education for all learners regardless of social or economic background.

This National Education Policy 2020 is the first education policy of the 21st century and aims to address the many growing developmental imperatives of our country. This Policy proposes the

revision and revamping of all aspects of the education structure, including its regulation and governance, to create a new system that is aligned with the aspirational goals of 21st century education, including SDG4, while building upon India's traditions and value systems. The National

Education Policy lays particular emphasis on the development of the creative potential of each individual. It is based on the principle that education must develop not only cognitive capacities - both the 'foundational capacities' of literacy and numeracy and 'higher-order' cognitive capacities, such as critical thinking and problem solving - but also social, ethical, and emotional capacities and dispositions.

He stated that under this policy emphasis is given on the reformation of the the teacher which must be at the centre of the fundamental reforms in the education system. The new education policy must help re-establish teachers, at all levels, as the most respected and essential members of our society, because they truly shape our next generation of citizens. It must do everything to empower teachers and help them to do their job as effectively as possible. The new education policy must help recruit the very best and brightest to enter the teaching profession at all levels, by ensuring livelihood, respect, dignity, and autonomy, while also instilling in the system basic methods of quality control and accountability.

He also talked on the students development in the new education policy which must provide to all students, irrespective of their place of residence, a quality education system, with particular focus on historically marginalized, disadvantaged, and underrepresented groups. Education is a great leveler and is the best tool for achieving economic and social mobility, inclusion, and equality. Initiatives must be in place to ensure that all students from such groups, despite inherent obstacles, are provided various targeted opportunities to enter and excel in the educational system.

Lastly, he concluded his speech by stating that these elements must be incorporated taking into account the local and global needs of the country, and with a respect for and deference to its rich diversity and culture. Instilling knowledge of India and its varied social, cultural, and technological needs, its inimitable artistic, language, and knowledge traditions, and its strong ethics in India's young people is considered critical for purposes of national pride, self-confidence, self-knowledge, cooperation, and integration.

The program was ended with the Vote of Thanks proposed by Shaikh Farzana.

Report

On

One Day Workshop

Digit All: Innovation and Technology for Gender Equality

The English department of U.E.S. Mahila Mahavidyala, Solapur in collaboration with the IQAC organized a One Day Workshop on "Digit All: Innovation and Technology for Gender Equality" on March 15th 2023, Wednesday at Digital Hall at 8.45AM. Adv. Suresh Tamshetti has been invited as a Chief Guest. Dr. Shafi Chobdar (HOD of the Urdu Department S.S.A. Arts & Commerce College, Solapur) has been invited as a Resource Person. The president of the function was N.P. Shaikh (IQAC Coordinator). The Valedictory function was carried out in the presence of Prof. N.P. Shaikh (HOD of English Department & IQAC Coordinator). The program was anchored by the Mrs. Aaisha Jabeen Soudagar.

The program began with the praise of Almighty Allah by Reciting and Translating Surah Fateha by BAIII students Mantasha Shaikh and Alfiya Sayyed. The function was inaugurated with the felicitation of the Chief Guest and the Resource Person by the president of the function and Ruksana Jamadar (HOD of Hindi Department).

Adv. Sarojini Tamshetti presented her views on issues of Gender Equality prevailing in the society at various institutions. As the theme of the Women's Day for 2022-23 was Digit All: Innovation and Technology for Gender Equality". She emphasized on the Digital education for the girls. With the help of the activity she tried to highlight the prevailing Gender Discrimination in the Society.

Dr. Shafi Chobdar sir delivered the speech on Women Empowerment. He narrated the stories of legend women personalities from the Islamic World such as Hazrat Kadija, Aayesha and Fatima. And also explained the Quranic Message related to gender issues.

Valedictory function was organized in the presence of Prof. N.P. Shaikh. Seventy-four students participated enthusiastically in the program. Faculties and many students of English Department has put their efforts to make the program successful under the guidance of HOD.

The program was ended with the Vote of Thanks Proposed by Prof. I. B. Shaikh.

State level Webinar

IPR vs Traditional Knowledge of India

One-Day State level Webinar

Guest Speeches

U.E.S. Mahila Mahavidyalaya, Solapur

Date: 23/08/2023

Report of the One- Day State Level Webinar

On

IPR and Traditional knowledge of India

U.E.S. Mahila Mahavidyalaya, Solapur organized a One Day State-Level Webinar on the Topic 'IPR and Traditional Knowledge of India' under IQAC on 23rd March 2023 at 9.30AM on Google Meet Platform. Dr .I .J. Tamboli (I/C Principal, S.S.A.Art's & Commerce College) was invited as a Chief Guest. Dr. Mrs. Siddharaj Deepashri Choudri (Assistant Professor, Amity University, Mumbai) was invited as a Key Note Speaker.

Google Meet link was shared to students on whatsapp group and SETO group for other colleges to join the Webinar. Convenor of the Webinar was Shaikh N.P. Soudagar A.J. anchored the Program. I/C Principal Shaikh F.M. were the president of the function.

Webinar was commenced with the Praise of Almighty Allah. BAII student IramNaaz recited the Surah Fateha. Soudagar A.J. Welcomed the Chief Guest , Key Note Speaker and students to the Webinar. Introduction of the Chief Guest was given by Shaikh Imam.

Dr. I. J. Tamboli addressed the students for 45 minutes in his speech he explained the definition of Intellectual Property Rights and Traditional Knowledge of India.

He Says that Intellectual Property Rights is a term that rarely requires explanation in modern times. The phrase Intellectual Property expresses the notion that its subject matter is the result of the intellect or mind. It serves as both a deterrent and an incentive for creators, whose work might otherwise be freely exploited by others. In relation to the Traditional Knowledge it incorporates development from one generation to the next, physical and intangible knowledge, and both potential and real innovations of value. Traditional knowledge forms the basis of cultural heritage. Due to its great biodiversity and natural riches, India has a wealth of

traditional knowledge regarding the qualities and uses of various biological resources.

He clarifies how & why Traditional Knowledge of India is to be preserved.

The term "Traditional Knowledge" is defined as "Traditional knowledge relates to local and indigenous cultures' awareness, inventions, and customs all over the world. Orally passed from generation to generation is traditional knowledge that has been learned through decades of experience and suited to the local culture and environment."

He presented the following two paradigms for protecting the traditions of India.

The first protective paradigm attempts to prevent others from exploiting traditional knowledge or acquiring intellectual property rights over it. In order to combat alleged abuses such as biopiracy, several communities have built traditional knowledge databases to document their traditional knowledge as prior art. Different communities have their own traditional or customary laws governing the use of traditional knowledge, which may differ significantly from their national or international system of intellectual property rights.

The second protective paradigm (commonly referred to as "positive protection") aims to achieve legal protection for traditional knowledge. This is accomplished by utilizing either the current laws or legislative procedures to enact new laws of their own kind.

Second speaker of the Webinar was Dr. Deepashri Madam. Introduction of the key Note speaker was presented by A.J. Soudagar. After her introduction Dr. Deepashri Madam started her mind blowing speech. She explained the IPR and Traditional Knowledge of India with various examples.

She narrated the story of turmeric case. Turmeric is a tropical herb grown in east India. Turmeric powder is widely used in India as a medicine, a food ingredient and a dye to name a few of its uses³. For instance, it is used as a blood purifier, in treating the common cold, and as an anti-parasitic for many skin infections. It is also used as an essential ingredient in cooking many Indian dishes. In 1995, the United States awarded patent on turmeric to University of Mississippi medical center for wound healing property. The claimed subject matter was the use of "turmeric powder and its administration", both oral as well as topical, for wound

healing. An exclusive right has been granted to sell and distribute. The Indian Council for Scientific and Industrial Research (CSIR) had objected to the patent granted and provided documented evidences of the prior art to USPTO. Though it was a well known fact that the use of turmeric was known in every household since ages in India, it was a herculean task to find published information on the use of turmeric powder through oral as well as topical route for wound healing. Due to extensive researches, 32 references were located in different languages namely Sanskrit, Urdu and Hindi. Therefore, the

USPTO revoked the patent, stating that the claims made in the patent were obvious and anticipated, and agreeing that the use of turmeric was an old art of healing wounds. Therefore, the TK that belonged to India was safeguarded in Turmeric case.

She also gave the example of Neem Case and Basmati Case.

85 students attended the Webinar. Feedback link is shared to the Students during the meeting. Responses were received and Certificate will be sent on the Email to those who have filled the Feedback Forms.

I/C Principal Dr. Farzana Madam was the President Of the Valedictory Function. She gave the Presidential Speech. program was ended with the Vote of Thanks proposed by Shaikh I.B.
