The dawn of 21st century was brought in its wake a number of new challenges of institution of higher learning can ever afforded to ignore them if it really intends to grow not only as a centre of excellence.we also particularly when education has become a commercial enterprise,outmoded streams of knowledge and archaic methods of teaching can no longer guarantee an honourable existence to an individual or instistution.Hence the need for new techniques of teaching methodology on the other are the prerequisite for success.the goals envisioned and given above ,if translated into actions would definitely help achieve intellectual and acadmic growth of the faculty members ,scholars and students and enrich the overall academic. Atmosphere of the department. These goals would encourage scholars to select subjects for research that have potential to generate new knowledge in the stream consultancy and extension activites of the departments.Anchoring and introduction of the program was done by Dr Z.A Nayab.
